

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the "+" button.

Feature: Adding Items

Scenario: User can add items using the "+" button

Given the user is on the app's main screen

When the user taps the "+" button

Then a new item input field should appear

And the keyboard should be visible for entering item details

2. User story(ies) in Gherkin syntax for the "-" button.

Feature: Removing Items

Scenario: User can remove items using the "-" button

Given the user is on the app's main screen

And there are existing items displayed

When the user taps the "-" button next to an item

Then a confirmation dialog should appear

And the user can choose to confirm the removal

Or cancel the removal

And if confirmed, the item should be deleted from the list
